The Economic Commission for Africa,

Noting the recommendations of the ad hoc Committee of Experts to Examine the finance of the United Nations and the Specialized Agencies, with regard to the need for long-term planning,

Recalling that the General Assembly by Resolution 2370(XVII) invited the Committee on Programme and Co-ordination to institute a system of long-term planning and programme formulation,

Having considered Resolution 1264(XLIII) of the Economic and Social Council which requested its subsidiary bodies to draw up long-term programmes of work,

Requests the Executive Secretary to present to future sessions of the Commission Programmes of Work and Priorities covering a period of six years, the proposals for the first two years being precise and definitive, the proposals for the rest of the six year period as tentative plans, to be refined and made more precise for successive periods of two years each based on the progress of work in the preceding biennium, and relevant decisions taken by the Economic and Social Council and the General Assembly.
