FOREWORD

Africa Index is a bibliographic journal issued two times a year by the Library of the United Nations Economic Commission for Africa. It lists titles of periodical articles, titles of series and occasional papers, as well as titles of chapters of books when felt essential.

This present issue contains a selection of periodicals published during the years 1999 and 2000. In order to enable you consult the index with ease, descriptor terms selected from the UNBIS Thesaurus, have been used to describe the subject content of the selected articles and literature.

The Index is arranged in two sections: the first section presenting the bibliographic citations with their subject descriptors while the second section presents the various indexes (author, title, subject, geographic or country) arranged alphabetically and aimed at assisting users to locate specific references.

We hope that the new presentation of the Africa Index will greatly facilitate your use of the Index.

Let us have your comments and observations to enable us improve subsequent issues of Africa Index.

AVANT-PROPOS

Le Catalogue Afrique est une revue bibliographique publiée deux fois par an par la Bibliothèque de la Commission Economique pour l'Afrique. Il énumère des titres d'articles de périodique, des titres de documents de série et de documents hors de série, ainsi que des titres de chapitres d'ouvrages jugés essentiels.

Le présent numéro contient un choix de périodiques publiés durant les années 1999 et 2000. Afin de vous permettre de consulter facilement le Catalogue, des descripteurs tirés du Thésaurus du Système d'information bibliographique des Nations Unies ont été utilisés pour décrire le contenu des articles et des documents choisis.

Le Catalogue comprend deux sections: la première présente les citations avec les descripteurs de sujet correspondants tandis que la seconde contient les divers index (index des auteurs, titres, sujets, géographiques ou des pays), rangés dans l'ordre alphabétique et visant à aider les utilisateurs à trouver des références spécifiques.

Nous espérons que la nouvelle présentation du Catalogue Afrique en facilitera grandement l'utilisation.

Prière de nous faire parvenir vos commentaires et observations afin de nous permettre d'améliorer les numéros ultérieurs du Catalogue Afrique.
