## FOREWORD

Africa Index is a bibliographic journal issued two times a year by the Library of the United Nations Economic Commission for Africa. It lists titles of periodical articles, titles of series and occasional papers as well as titles of chapter of books when felt essential.

This present issue contains a selection of periodicals published during the year 2001-2002. In order to enable you consult the index with ease, the descriptor terms selected from the UNBIS Thesaurus and Library of Congress have been used to describe the subject contents of the selected articles and literature.

The Index is arranged in two sections: the first section presenting the bibliographic citations with their subject descriptors while the second section presents the indexes author index arranged alphabetically and aimed at assisting users to locate specific references.

We hope this Africa Index will greatly facilitate your use of the Index. Let's have comments and observations to enable us improve subsequent issues of Africa Index.
