(i)

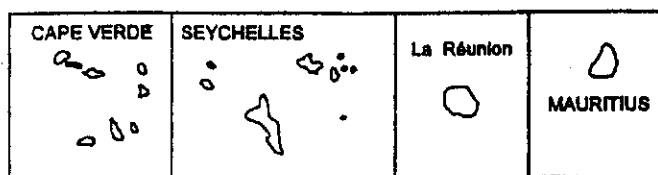

Maps

At the beginning of the publication, there will be maps of Africa showing: country names and boundaries; Regional boundaries; Economic groupings boundaries. A total of three maps are planned.

The boundaries and names shown on this map do not imply official endorsement or acceptance by the United Nations

Les frontières et les noms indiqués sur cette carte n'impliquent pas reconnaissance ou acceptation officielle par l'Organisation des Nations Unies

(iii)

Introduction

The introduction section will contain the following elements: Boundary of statistical territory including countries, definition of economic groupings and regions of Africa; Systems of trade (special trade, general trade); Valuation of goods and differences in valuation practices of countries; Merchandise definition and the way countries treat merchandise; Partner countries and how they have been classified; Symbols used; Estimation procedures used; sources of the data.

Table no. 1

Title: Total Trade by Subregion: Imports, Exports

Description:

This table is split into two parts. One part deals with imports and the other part deals with exports. The table gives values of trade on total imports/exports of each African country. In addition to giving the total imports/exports of Africa, it also provides total imports/exports by the four African Subregions: North Africa, West Africa, Central Africa and East and Southern Africa. The table gives time-series data for a period of at most ten years. Unless otherwise specified, the values of imports/exports are given in thousands US dollars.

Sources of data:

The sources of data for this table include:

National publications received from African countries;
Monthly Bulletin of Statistics, United Nations Statistics Division (UNSD);
International Trade Statistics Yearbook, UNSD;
COMTRADE database, New York Computer Section (NYCS)
Commodity Yearbook, United Nations Conference on Trade and Development (UNCTAD);
Handbook of international Trade and Development Statistics, UNCTAD;
Direction of Trade Statistics Yearbook, International Monetary Fund (IMF).

Graphics:

Bar or line graphs showing trade by subregion, imports and exports of Africa will be given for selected years.

Valuation: C.I.F.

Value: 1000 US dollars

[illegible]

Valuation: F.O.B.

Value: 1000 US dollars

[illegible]

Table no.2

Title: Intra-African trade by subregion: Imports, Exports

Description:

This table is split into two parts. One part deals with imports and the other part deals with exports. The table gives values of trade on intra-African imports/exports of each African country. In addition to giving the intra-African imports/exports of Africa, it also provides intra-African imports/exports by the four African Subregions: North Africa, West Africa, Central Africa and East and Southern Africa. The table gives time-series data for a period of utmost ten years. Unless otherwise specified, the values of imports/exports are given in thousands US dollars.

Source of data:

The sources of data for this table include:

National publications received from African countries;
Monthly Bulletin of Statistics, United Nations Statistics Division (UNSD);
International Trade Statistics Yearbook, UNSD;
COMTRADE data base, NYCS;
Commodity Yearbook, UNCTAD;
Handbook of International Trade and Development Statistics, UNCTAD;
Direction of Trade Statistics Yearbook, IMF.

Graphics:

Stacked bar graph showing the value of imports/exports of each subregion in intra-African trade will be provided for three selected years.

Valuation: C.I.F.

Value: 1000 US dollars

Table no.3

Title: Share of Intra-African trade by subregion: Imports, Exports

Description:

This table is split into two parts. One part deals with imports and the other part deals with exports. The table gives the share of intra-African imports/exports of each African country. it also provides share of intra-African imports/exports by the four African Subregions: North Africa, West Africa, Central Africa and East and Southern Africa. The table gives time-series data for a period of utmost ten years. The shares of imports/exports are given in percentages.

Source of data:

The sources of data for this table is Table no.2

Graphics:

Pie graph showing the share of imports/exports of each subregion in the total intra-African trade will be provided for three selected years.

Table no. 7

Title: Intra-African Trade by SITC Section: Imports, Exports

Description:

This table is split into two parts. One part deals with imports and the other part deals with exports. This table gives values of trade on total imports/exports of each African country broken down by SITC Section: 0 Food and Live Animals; 1 Beverages and Tobacco; 2 Crude Materials, Inedible, Except Fuels; 3 Mineral fuels, Lubricants and related materials; 4 Animal & Vegetable Oils and Fats; 5 Chemicals; 6 & 8 Manufactured Goods Classified Chiefly by Material and Miscellaneous Manufactured Articles; 7 Machinery and Transport Equipment. In addition to giving the total imports/exports of Africa, it also provides total imports/exports of the four African Subregions: North Africa, West Africa, Central Africa and East and Southern Africa. The table gives time-series data for a period of utmost ten years. Unless otherwise specified, the values of imports (c.i.f) and exports (f.o.b) are given in thousands US dollars.

Sources of data:

The sources of data for this table include:

National publications received from African countries;
Monthly Bulletin of Statistics, UNSD;
International Trade Statistics Yearbook, UNSD;
COMTRADE database, NYCS, New York
Commodity Yearbook, UNCTAD
Handbook of international Trade and Development Statistics, UNCTAD;

Table no. 8

Title: Share of Africa in World Trade: Imports, Exports

Description:

This table is split into two parts. One part deals with imports and the other part deals with exports. This table gives values of African imports/exports, values of World imports/exports and share of African imports/exports in World trade for selected years, at five year intervals if possible. Unless otherwise specified, the values of imports (c.i.f) and exports (f.o.b) are given in thousands US dollars.

Sources of data:

The sources of data for this table include:

Monthly Bulletin of Statistics, UNSD.

Graphics:

Table no.12

Title: Intra-African trade matrix

Description:

This table is split into two parts. One part deals with imports and the other part deals with exports. The table gives values of trade on intra-African imports/exports of each African country in a matrix form. The reporter countries are given in columns and the partner countries are given in rows. It also provides intra-African imports/exports by the four African Subregions: North Africa, West Africa, Central Africa and East and Southern Africa. Unless otherwise specified, the values of imports/exports are given in thousands US dollars.
